LETTER FROM TOM KELLEY PRESIDENT & CEO, UWGDA

United Way of the Greater Dayton Area has been part of the fabric of this region for over 110 years, dating back to its beginnings as a response to the Great Flood of 1913. At that time of significant challenge and despair, leaders came together to rally around what is expressed as our mission today – **Leading a United Community to Uplift Our Neighbors.**

Over the years, our role has evolved with the changing needs of the broader community. However, our primary objective has remained the same: to bring people, resources, and services together to create solutions.

We were among the early providers of 211 information and referral services, starting in the early 1960s prior to it being officially designated by the Federal Communications Commission in 2000 as the national number for health and human services referrals. Today, our service known as **HelpLink/VetsLink 211**, receives over 65,000 calls per year from individuals seeking assistance and resources. We operate 24/7/365 to fill and source these needs.

We also provide access to family stability programming through our **Strong Families Program**. The goal of the program is to keep families stably housed, prevent academic disruption, increase children's academic success, and help adults increase their financial stability to support their households. A key focus is on the ALICE population—Asset Limited, Income Constrained, Employed. These are households that earn above the threshold for most federal assistance programs but below what is needed for a basic cost of living. Often referred to as “the working poor,” this group represents over 40% of families in our region.

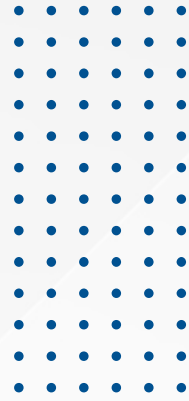

In addition, we fund and partner with local programs to support collective impact strategies and results across **Montgomery, Greene, and Preble Counties.**

All of this is made possible through the dedicated support of workplace campaigns, individual donors, strategic partners, volunteers, and individuals like you. We sincerely appreciate your commitment to United Way of the Greater Dayton Area which allows us to make a difference on your behalf each day.

A handwritten signature in blue ink that reads "T. Kelley". The signature is fluid and cursive.

Tom Kelley
President & CEO

WHY IS UNITED WAY IMPORTANT?

Everyone deserves the opportunity to thrive. That's why United Way mobilizes the caring power of neighbors, businesses, community partners, grants and donations to lead transformational change in the Miami Valley with generous donations from YOU!

From strengthening local resilience to advancing health, youth opportunity, and financial security, we're working towards a future where everyone can reach their full potential.

KEY PROGRAMS

HELPLINK 211

It's a go-to, 24/7 free resource that can connect callers with a wide range of social services and resources, including food, housing, utility payment assistance, health care, transportation, childcare, employment opportunities, mental health crises, disaster information and assistance, and more.

VETSLINK 211

While veterans are eligible for many local, state, and federal services — finding help from multiple agencies with an array of programs can be a challenging process with many barriers for stressed, aging, or disabled veterans. VetsLink is here to connect veterans and their families to the services they need —fast, free, and confidential, 24 hours a day, 365 days a year.

STRONG FAMILIES

Strong Families helps families navigate and prevent financial crisis. This two-generation approach ensures families stay in their homes, become financially stable and their children succeed in school. Because EVERYONE deserves a safe home.

FREEDOM SCHOOLS

A 6-week free summer literacy enrichment program that helps children K-8th grade fall in love with reading, increase their self-esteem, and generate more positive attitudes toward learning.

25+

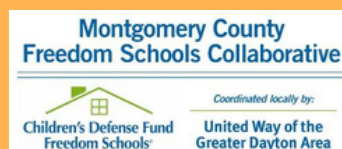

YEAR DONORS

Our donors play a crucial role in the success and impact of United Way of the Greater Dayton Area. Your generous contributions enable the organization to fund essential programs and services that address pressing community needs, from supporting education and financial stability to improving health and basic needs.

By investing in United Way, donors empower local initiatives and nonprofits, ensuring that resources are directed where they are most needed and that the community's most vulnerable populations receive the help they deserve. Your support not only helps sustain vital services but also fuels long-term solutions for creating lasting positive change.

MEET JOHN

VETERAN & DAYTON RESIDENT

John and his family know first-hand the importance of United Way of the Greater Dayton Area in our community. John is a Veteran who proudly served in the Army. A month ago John had to be hospitalized. With Finances being tight, it is easy to fall behind on bills and as a result John's water was shut off. John's wife heard about VetsLink and decided to call on his behalf requesting water payment assistance. She was then referred to several organizations on John's behalf through VetsLink 211. VetsLink is a service available to connect veterans and their families to the services they need –fast, free, and confidential, 24/7-365.

John and his family were able to get the assistance they needed to get the water turned on for his family. John has since been able to leave the hospital and is feeling much better. John was grateful that someone was there to point them in the right direction to get the help they needed.

Did you know that more than 40% of families in Montgomery, Greene, and Preble Counties struggle to get by each month? When you support United Way, you are helping ensure services like VetsLink and HelpLink are there to connect thousands of people like John to the assistance they need.
